ABOUT RETAKE

Retake is a nonprofit offering free photos and family portraits to people who have survived disasters such as hurricanes, fires, or earthquakes, or to people who come from war-torn or conflict areas and are now refugees, immigrants, migrants, humanitarian parolees, displaced people, or asylum seekers. We create new keepsakes as they rebuild their lives. Be sure to check out our website to join our newsletter to stay informed of upcoming projects, find ways to be involved, and give a donation today.
